D. Commentary

England

Christmas COVID-19 rules changed and new Tier 4 restrictions introduced

On Saturday, 19th December, the Prime Minister, Boris Johnson, led a press conference and announced a significantly worsening spread of infection in London and surrounding areas. This increase was linked to a new dominant variant of the virus that was identified in Kent in late September and spreads faster. As a consequence, a new [Tier 4](#) of restrictions were announced and these came into force on Sunday 20th December. The Tier 4 restrictions are characterised by a 'Stay at Home' message and approximately 31% of England's population now come under these highest restrictions.

Previously issued guidance for the Christmas period has now been withdrawn and households are permitted to meet on Christmas Day, 25th December, only. Information about what is permitted in England is available [here](#). The key points for Christmas are:

- Keep it small
- Keep it short (25th December only)
- Keep it local (avoid or reduce travel, particularly from very high tier areas to lower tier areas)
- Think about how best to protect the most vulnerable during this high-risk time

Earlier in the week, on Thursday, 17th December, the Health and Social Care Secretary, Matt Hancock, announced the [outcome of the 'tiering review' in England](#). Just three areas were assessed as meeting the criteria to move down a tier. Bristol and North Somerset moved from Tier 3 to Tier 2, and Herefordshire moved from Tier 2 to Tier 1.

Wales

A surge in infections in Wales led to the Welsh Government changing its laws to limit the meeting of households to two in a '[Christmas bubble](#)' on Christmas Day. All of Wales moved to [Alert Level 4](#) which is the highest level of the [COVID alert system for Wales](#) on 19th December.

Scotland

Scotland will permit a [Christmas bubble](#) on Christmas day only. This will be limited to eight people from three households, plus children under 12 years of age from the three households. Scotland operates five [local COVID protection levels](#).

Northern Ireland

A [Christmas bubble](#) may be formed on one day between 23rd and 27th December, limited to a maximum of three households.

Furlough

On Thursday, 17th December, the Chancellor of the Exchequer, Rishi Sunak, announced the [Coronavirus Job Retention Scheme](#) will be extended by one month until 30th April 2021.

HANDS FACE SPACE

The R number

The [latest R number](#) range for the UK is 1.1 - 1.2 (as at 18th December 2020) and the growth rate range is between +1% and +4%, meaning that the rate of new infections is estimated to be growing by between +1 and 4% every day.

During December and January, the UK government will publish the R number estimate on these dates:

- Wednesday 23rd December
- Friday 8th January
- Friday 15th January
- Friday 22nd January
- Friday 29th January

International travel

Following the identification of a new variant of COVID-19 and the announcement on Saturday 19th December by the Prime Minister of the additional Tier 4 (Stay at Home) restrictions, over 40 countries have banned international travel to and from the UK. Some countries have closed borders and may restrict movement and bring in new quarantine rules with little warning. Different international travel rules apply in [England](#), [Scotland](#), [Wales](#) and [Northern Ireland](#) and it is essential to [check government travel advice](#). People in Tier 4 areas in England are not permitted to travel abroad other than in limited circumstances.

Today, Monday 21st December, the Prime Minister held a press conference to give an update on border and travel issues and specifically on disruption at the port of Dover. This follows a decision by the French government to close its border with the UK for a 48-hour period, blocking the movement of freight vehicles in either direction across the Channel. The Prime Minister explained that he was working with the French President to find a solution to unblock the border as soon as possible, pointing out that a solitary driver in a lorry cab posed a relatively low COVID-19 transmission risk. He also explained that Dover handles only 20% of goods traded between the UK and the European union and that plans have been activated to deal with a build-up of vehicles in Kent. He said that UK supermarkets report 'strong and robust' arrangements to maintain food supplies and there were no immediate problems.

The Prime Minister also announced that over half a million people in the UK had received their first dose of the Pfizer-BioNTech COVID-19 vaccine.
